The Scientific American Supplement Index for Vol. 78

JULY—DECEMBER, 1914

THE * INDICATES THAT THE ARTICLE IS ILLUSTRATED

A

Abderhalden reaction diagnosis of disease 119
Absorptive power of myelin liquid crystals, the *414
Acoustics of auditoriums, I, *358; II, *380
Action, photo-electric and photo-chemical 285
Action of control organs of an aeroplane 72
Adjustable wings for American aeroplane *324
Aerial navigation, lighthouses for *161
Aerial reconnaissance during sieges 135
Aeroboat, a new Wright *55
Aeronautical motors, dual *395
Aeronautics and wireless communication *189
Aeroplane (marine) pontoon type 55
Aeroplane from engineering standpoint ..I, *90; II, *110; III, *125; IV, *142; V, *158
Aeroplane problems of stability. 64
Aeroplanes in war 71
Aeroplane, action of the control organs of in critical altitudes 72
Aeroplanes, scientific study of.. 299
Aeroplanes in France, first contest for safety *108
Aeroplane on the defensive and offensive 147
Aeroplanes, throwing military messages from *153
Aeroplane bomb explodes only on striking ground *165
Aero engines, late types of.....*189
Aeroplanes, stability of..... 206
Aeroplane (American) with adjustable wings *324
Aeroplane problems of M. Eiffel.*326
Afterglow, observations of the.. 7
Age of production in invention and other fields 154
Agronomic institute 231
Air-brake switches *289
Aircraft in war 272
Aircraft, a crew for big..... 260
Aircraft Royal Factory, visit to.*300
Aircraft, wireless equipment on.*222
Aircraft, power and balance of big 249
Airship "Britannia" *134
Airships, ideal form for fast... 352
Airship "Parseval," non-rigid..*225
Airship attack, artillery for....*149
Air scouts, British development of *300
Albumens, comparison of in plants 122
Alcohol as a motorcar fuel.... 169
Alcohols, fuel 336
Alcohol from wood 103
Alloys, light, for automobile parts 57
Ammonia in illuminating gas... 109
Amputations less frequent in war 141
Ancient Egypt, new light on... 181
Ancients, how they would have controlled the Mississippi and tributaries 14
Antarctic expedition, Stackhouse 51
Antiquities, recently discovered Nubian *264
Antiquity of common apparel articles *77
Antivisection literature, characteristics of 58
Apparel, antiquity of articles of *77
Apparatus for submarine investigations *81
Apparatus for direct measurement of radioactivity, new...*309
Application of Roentgen rays, a new *180
Applications of the Coolidge X-ray tube *168
"Aquitania" and "Vaterland".. 22
Artificial daylight..I, *396; II, *412
Artillery, European field 190
Artillery (German) tests before use *157
Astrolabe, the prismatic *375
Atlantic liners, the big *257
Atlas of Finland 218
Atmosphere, new element in... 89
Atmosphere, turbidity of upper in 1912 222
Atom and radiation 35
Atoms, theory of compressible.. 175
Atomic numbers and radioactivity 336
Auditoriums, acoustics of I, *358; II, *380
Anthropological survey of Canada 291
Automobile gasoline, substitutes for 219
Automobile-mounted searchlights in war *209
Automobiles, safe operation of.. *43
Automobile torpedo *217
Automobile parts, light alloys for 57
Autographs (plant), and their relations *204
Aviation, internal combustion motor in *17

B

Bactericidal properties of metallic colloids *2
Balancing internal combustion engines 215
Balloon explosion at Epernay.. 59
Baltic and Black Sea, canal scheme 202
Baalbek *407
Barometer (micro) thread-recording *173
Bateson, Prof. William *173
Battlefield, how dirigibles are charged with gas on *155
Battleships, protection of against submarines *114
Beam made stronger if apparently weakened *192
Biology and liquid crystals 174
Biochemistry, the principles of 274
Biplanes (tractor) for U. S. Army 182
Birds and weather 215
Birds (marine) and hydro-aeroplanes 187
Blood, photo-activity of 368
"Bones, Napiers" *123
Borers, marine wood *356
Bottoms (canal) protecting from injury by screw propellers ...*311
Books, a world's fair of at Leipzig *56
Books, notices of new.....128-304
Brass industry, waste in the... 151
Brasses and bronzes, melting points in 70
Brazil and international legal time 192
Bridge control of ship's engines *60
Bridge control, the Westinghouse system *220
Bridge, Hoang Ho *305
Buildings, shocks of vehicles and vibrations of *364
Buildings, Washington's Government, sanitary conditions ...*373
Built-up model yacht *7
Bullets (French) humane 384
Bullets, photography of flight..*245
By-products of coal, I, *116; II, *132

C

Cable and telegraph system of Alaska 67
Cable conveyor system in Belgium 192
Calcites, phosphorescent 38
Calorizing metal protecting treatment *341
Calculation of condenser dielectric constant 235
Calendar, a 4,000-year *400
Camera, a positive postcard ...*384
Canadian Alps, pinnacle of....*177
"Canned goldfish," salmon *273
Cannon, horse-power of 112
Cars, safe operation of pleasure *43
Casting machine, new 163
Care of the wounded in present war *321
Casino at Interlaken 378
Catastrophe, American opportunity in a world 186
Cedar, Spanish, mahogany substitute *369
Cement, Turkey substitute for.. 87
Chances of death and ministry of health 50
Channel tunnel, its early history, I, *18; II, *34
Charles William Eliot *411
Chemical and biochemical laws 3
Chemicals, influence of on seeds 247
Chemical manufacturer and patent expert 38
Chemistry, one of the mysteries of 367
Chin, man's 167
Chromic acid, neutralization of 91
Cinematograph in research 176
Circuit, testing for open *283
Circuits, heavily loaded for air-brake switches *289
Climatic influence of forests... 246
Clothing industry 266
Cloudiness, recording moonlight and night *109
Coaling dock at St. Thomas ...*104
Coal mines, safety device for.. 123
Coal gas, new synthetic 125
Coal gas, impurities of..... 198
Coal and its by-products, I, *116; II, *132
Coal mining, safe use of electricity in 398
Coal tar products in medical use 230
Cockerill iron works, the *389
Cocoanut palm, the double....*301
Coffee-growing in Paraguay ...*340
Coils, testing polarity of field..*299
Coins, evolution of and coinage mechanisms *120
Collecting and preserving insects .....I, *290; II, *306
Colloids, metallic *2
Collosols, the history of *2
Comfort for workers in Washington's Government buildings*373
Comparison spectrum, making a 288
Condenser dielectric constant, calculation of 235
Controlling ship's engines from the bridge *60
Copper, electrical conductivity of 54
Copper (divided) and high vacua 179
Correction, a. Ouerbacker 272
Corrosion of condenser tubes... 320
Cosmical physics. The moon..*254
Course of science reading, a.... 307
Courts, illumination of to insure justice 250
Crucible steel, manufacture of.. *33
Crystals (liquid) and biology.. 174
Cut-off improvement, magnolia.*193
Cyclopian mystery of Abydos...*196
Cyrogenic laboratory at Leyden*129

D

Dam, Arrow Rock *337
Danger indication, red as 346
Darwinian theory denied 144
Dawn of man, the Piltdown ...*296
Daylight, artificial..I, *396; II, *412
"Day of Rest" and human efficiency 11
Dead men do tell tales 271
Dead-reckoner, the Anschütz...*261
Deafness (gun) and its prevention 208
Deep-sea soundings 363
Detector, the storm *76
Detectors, electric mine gas ...*166
Developments (recent) in marine propulsion 214
Development, food versus heredity in 48
Development, thyroid and thymus in 137
Devices, modern electric protective 361
Diagnosis of disease, reaction for 119
Die castings, new machine ... 163
Diesel engine, its principles.... *82
Dirigible airships charged with gas on battlefields *155
Dirigibles, new hangars for military uses *248
Dirigible, non-rigid for German army *225
Disease. Prehistoric man's effort to combat *365
Dock, St. Thomas new coaling..*104
Documents, relation of light to proof of 250
Dogs, Belgium war 346
Double cocoanut palm *301
Drainage of the Fens, England *8
Drawing, stereoscopic *350
Dreadnought and submarine ...*113
Drops, variation of the size of 148
Drugs, physiological standardisation of *232
Dusts, explosibility of grain.... 368

E

Early slide rule 55
Earthquakes and moon phases.. 272
Earth's elastic properties, determination of *86
Eclipse, total solar, August 21st*124
Economizer on hot-water heating apparatus *151
Edible fungi 42
Education, an experiment in organic *316
Eels, elevators for 227
Eggs, preserving 137
Egypt, new light on ancient.... 181
Eiffel, M., new experiment *326
Elastic properties of the earth, determination of *86
Electric devices, modern protective 361
Electric furnaces for heating steel .....I, *338; II, *354
Electric ignition devices for gas engines *357
Electric incubator and brooder, home-made *325
Electric mine gas detectors....*166
Electrical driving for rolling mills .....I, *212; II, *236
Electrical industries in Japan .. 66
Electrical process, Nodon *286
Electrically-driven gyroscope in marine work....I, *268; II, *284
Electric circuits, polarity of....*390
Electricity in coal mining, safe use of 398
Electricity, steering vessels by. 192
Electromotive force, superconductors of electric currents without 131
Electro-static fields, plotting of.*216
Elephants, training in Belgian Congo 390
Eliot, Charles William *411
Employment in Germany, war effect on 371
Engine, Diesel, its principles .. *82
Engineer and map of the world 251
"Engineer," origin of the word 294
Engines, late types of aero *189
Engines of the steamship "Vaterland" *49
Engineering problems: heat *234
Engineering problems. Stress distribution 238
Engineering progress, future of. 303
Engineering standpoint, flying machine from.....I, *90; II, *110; III, *125; IV, *142; V, *158
Eruptions, Lassen Peak *91
European railways in war time. 203
Evolution of coins and coinage mechanisms *120
Excavators, light power *405
Exhibition, Swiss national at Berne *65
Experiment in organic education*316
Experimental determination of the earth's elastic properties. *86
Experimental plotting of electro-static fields *216
Experiments of M. Eiffel, new..*326
Experiments with liquid drops and globules *31
Expert's function in patent litigation 38
Exploding mines by wireless telegraphy *150
Explosives, employment and use*252
Exposition of book trade and graphic arts, Leipzig *56

F

Fatigue, the limit of 61
Feeding German people in war time 302
Ferromanganese, electrically melted *11
Finland, Atlas of 218
Fire alarm system, New York..*348
Fire on board ship, protection against 175
First aid to wounded in war...*244
Fishes, water pressure effect upon form *376
Fixation of poisons by central nervous system 267
Flight, transatlantic *62
Flora of Guam 32
Floats for hydro-aeroplanes, I, *318; II, *334
Floods, how they may be prevented *385
Fluid motions, problems of.... *23
Fly trap, home-made *240
Flying machine, engineering standpoint..I, *90; II, *110; III, *125; IV, *142; V, *158
Fogs, French experiment for preventing 243
Fog signals by wireless 320
Food fuel and price of labor... 32
Food, iceplant as a 43
Food products, marketing our .. 390
Food versus heredity in development 48
Force, electromotive, superconductors of electric currents without 131
Forest fires, plow for 6
Forests, climatic influence of... 246
Fortifications, modern turret ..*152
Fossil, human skeleton from German East Africa 187
Franklin (Ben) vindicated 347
Frost, glazed 382
Fuel alcohols 336
Fuel, alcohol as a motorcar ... 169
Fuel (food) and price of labor.. 32
Fuels, producer-gas from low grade *344
Fungi, edible 42
Furnace, return-tubular boiler...*394
Furnaces, electric, for heating steel .....I, *338; II, *354
Furnaces, method of tapping blast 275
Furring, graphite against 35

G

Garage hazards 67
Gas, ammonia in illuminating .. 109
Gas-charged rooms, light in.... 336
Gas detectors for electric mine..*166
Gas engine, historical sketch of 351
Gas engines, electric ignition devices *357
Gas, new synthetic coal 125
Gas (producer) for industrial purposes *140
Gases, explosive mixtures of... 287
Gases (occluded) of the selective photoelectric effect, influence of 171
Gasoline (substitute) for automobile 219
Gatun hydroelectric development for Panama Canal *20
Geographical agency, man as a 262
Geological action of man 99
Geology of Texas, notes on.... 287
German submarine boats *148
Germany as an industrial power 146
Germplasm as a stereochemic system .....I, 226; II, 242
Glazes (leadless) on white-ware 308
Go-cart (folding) patents 188
Grain, electrically dried 352
Grain dusts, explosibility of... 368
Graphite against furring 35
Graphite use in steam boilers.. 112
Gravitation, law of: The moon.*254
Gulf Stream, the *383
Guns, Belgium, German, and French 190
Gyroscope, electrically-driven in marine work ...I, *268; II, *284
Gyroscope, the Schilowsky..... *28
Gyroscope stabilizer, Sperry's..*108

H

Hangars (new) for military uses*248
Hazards in garages 67
"Heads and Tails" and Heredity*403
Heat; a lecture for beginners ..*234
Heating steel, electric furnaces for .....I, *338; II, *354
Heating system, using economizer on *151
Hens stopping laying in winter 195
Heredity, new theories and facts...I, 170; II, 178; III, 194; IV, 210
Heredity versus food in deveopment 48
High vacua and finely divided copper 179
Historical sketch of gas engine 351
History in waste paper 162
Horse-power of a cannon 112
Hospital (motor) French military vehicle *188
Hot-water heating system, economizer on *151
Hydraulic pressures, measurements of *279
Hydro-aeroplanes, design of floats for .....I, *318; II, *334
Hydro-aeroplanes and marine birds 187
Hydro-electric development for Panama Canal *20
Hypophosphite, zirconium 48

I

Ice, artificial versus natural....*172
Iceplant as a food 43
Ideals in city planning 379
Identity of chemical and biochemical laws 3
Idiot's new brain 139
Ignition devices for gas engines, electric *357
Impurities of coal gas 198
Inch, new divisions of the..... 172
Incompetent workmen, costs of. 343
Incubator and brooder, homemade electric *325
Index (refractive) of radium emanations 163
Index refractive of a liquid *80
India and Ceylon linking by railway *136
Insects, how to collect and preserve .....I, *290; II, *306
Insects, the breathing of *119
Institute for medical research, the Rockefeller 43
Insulators, testing for leaks.... 391
Internal combustion engines, balancing 215
Internal combustion motor in aviation *17
Infusorial earth, new uses for.. 221
Inventors, genius in early life.. 154
Ionization and radiation mysteries *295
Iron ore output of the world... 99
Iron shielded from earth's magnetism 182
Iron, the metallurgy of, modern research in .....I, *258; II, *280

J

Japan, electrical industries in.. 66
Jets for mixing purposes 42
Joints, new way to make steel.. 332

K

Kinemacolor motion pictures...*386

L

Labor, price of and food fuel.. 32
Laboratories, new engineering.. 263
Laboratory, cryogenic at Leyden*129
Lassen Peak eruptions *91
Lava, melting and solidifying points of 107
Law of distance of planets and satellites 103
Laws chemical and biochemical. 3
Leaks, testing high tension insulators for 391
Life saving at sea, provisions for *1
Light in gas-charged rooms ... 336
Light power excavators *405
Light, pressure of measured by thin foil 91
Light, relation of to proof of documents 250
Light on the structure of matter *4
Light, the zodiacal *45
Light, the "quantum" theory of 46
Lighthouses for aerial navigation *161
Lighthouses, etc., mirrors for.. 147
Lighting central stations *76
Lighting and its dangers *97
Lightning rods, Franklin vindicated 347
Limitations of the submarine... 153
Liners, the big Atlantic *257
Linking India and Ceylon by railway *136
Liquid air, new experiments with*333
Liquid crystals and biology ... 174
Liquid drops and globules *31
Liquid, refractive index of..... *80
Literature, characteristics of antivivisection 58
Locomotives, superheaters on... 287
Logarithms, Napier and invention of 29
Logarithms, navigation without 167
Longitude, difference photographically determined 308

M

Machinery, modern pumping ... *8
Magic squares *223
Magic squares *406
Magnolia cut-off, B. & O. railroad *193
Mammoth and man in America 3
Man, geological action of 99
Manufacturing conditions in Germany 333
Manufacturing cost plux × percentage 102
Man and the mammoth in America 3
Man, the dawn of Piltdown...*296
Manufacture of crucible steel.. *33
Map of the world and the engineer 251
Marine propulsion, recent developments 214
Marine work, electrically-driven gyroscope in ...I, *268; II, *284
Mars, the riddle of *106
Materials, stress distribution in 238
Matter, new light on its structure *4
Measurement of textile fabrics, approximate *333
Measurements of radioactivity in water 259
Measuring shocks of vehicles and vibrations of buildings...*364
Mechanical traction in war ... 407
Mechanism of the spring-beetle *85
Medical research, Rockefeller Institute 43
Medical use, coal tar products in 230
Melting points in commercial brasses and bronzes 70
Mercury pump, an automatic... 131
Metallic colloids, and their bactericidal properties *2
Metallurgy of iron, modern research in .....I, *258; II, *280
Metals, hardness of 221
Meteorological observatory, the Ancon 139
Metric system, the 6
Meeting of British association in Australia 123
Mine, electric gas detectors for.*166
Mineral waters, radioactivity in 283
Mineral waters sale in U. S.... 256
Mines in naval warfare 198
Mines, exploding by wireless telegraphy *150
Mills, electrical driving for rolling .....I, *212; II, *236
Mirrors for lighthouses, etc..... 147
Mississippi and tributaries, how ancients would have controlled 14
Mixing purposes, jets for 42
Mixtures of gases, explosive ... 287
Model (plastic) of the moon... *68
Modern research in metallurgy of iron .....I, *258; II, *280
Molecular architecture and Roentgen rays *4
Monoplane, the Rumpler military*229
Moon phases and earthquakes.. 272
Moon, plastic model of the *68
Moonlight and night cloudiness, recording *109
Mosquitoes, driving away 125
Motions, fluid. Problems of.... *23
Motion pictures in colors *386
Motor, determining type of.....*374
Motor hospital, French military vehicle *188
Motor, internal combustion in aviation *17
Motor ship, "Arum" *241
Motor, testing for open circuit.*283
Motors, dual aeronautical *395
Motors, some slow-speed novel..*332
Motorcar in thunder storms ... 173
Moving pictures under water... *81
Mouth disinfecting with ultraviolet rays 331
Muscle, mechanical efficiency of 28
Museum of Crime, a 357
Musical sensation 64
Muscular activity and thought processes 322
Musical woods 355
Mutation, principles and theory of 138
Mystery of Abydos, Cyclopean..*196
Mysteries, two phenomena still.*295

N

Napier and invention of logarithms 29
"Napier's bones" *123
Napier, honoring 231
Naval warfare, mines in 198
Naval wireless operator in war times 288
Navigation without logarithms.. 167
Navy yard enlargement at Norfolk *84
Neon light tubes *410
Niagara Falls, circumventing ..*387
Nocturnal war, searchlights ...*209
Nodon electrical process, Wood.*286
Norfolk navy yard, enlargement of *84
Nebulæ, distribution of 155
Nubian antiquities, recently discovered *264

O

Observatory (national) Argentine Republic, optical shop ..*277
Oils, problems in the cracking of 207
Optical shop, national observatory Argentine Republic *277
Optophone, the type-reading...*371
Ore, iron output of the world.. 99
Origin of waves *270
Origin of the word "engineer".. 294
Oscillating spark as source of ultra-violet light 147
Outflow regulating devices, Parenty's *323
Oxides, melting point of refractory 107
Ozone in the upper atmosphere. 179

P

Paintings, means for identifying oil *180
Panama Canal, cost of building 235
Panama Canal, hydro-electric development for *20
Paper (waste) history in 162
Parenty's outflow regulating devices *323
Parseval airship of German army *225
Patent expert and chemical manufacturer 38
Peat fuel for locomotives 267
Pellagra zone, the widening ... 359
Pencil for writing in the dark..*125
Peppermint oil in the Ukraine.. 219
Phenomena (two) still mysteries*295
Phosphorescent calcites 38
Photo-chemical and photo-electric action 285
Photo-electric and photo-chemical action 285
Photo-electric effect and occluded gases 171
Physics and vital processes.... 303
Physics, cosmical. The moon..*254
Pictures, telegraphing 163
Pigeons wild, death of last.....*253
Pinnacle of the Canadian Alps.*177
Planets and satellites, law of distances 103
Planning, ideals of city 379
Plant autographs and their relations *204
Plant relationship and serum... 122
Plastic model of the moon, how made *68
Platinum, substitute for 125
Plotting of electro-static fields..*216
Plumb line deflections, Northern India 231
Poisons, the fixation of 267
Polarity of field coils, testing..*299
Pole, south magnetic pole 199
Power required to stop an automobile *406
Prehistoric man and efforts to combat disease *365
Preservation of wood, I, *52; II, *78; III, *93
Pressure of light measured by thin foil 91
Pressures, measurements of hydraulic *279
Principles and theory of mutation 138
Principles of biochemistry 274
Prism with curved faces 155
Prismatic astrolabe, the *375
Producer-gas for industrial purposes *140
Producer-gas from low grade fuels *344
Projectile photography *245
Propulsion, recent development in marine 214
Protection against fire on board ship 175
Protection of battleships against submarines *114
Protoplasm, synthetic power of. 157
Psychanalytic movement, the I, 391; II, 402
Psychrometer, direct reading...*315
Pump, an automatic mercury... 131
Pumping machinery, modern... *8

Q

"Quantum" theory of light..... 46

R

Radiation and the atom 35
Radiation, measurements of stellar *98
Radioactive waters, therapeutic uses of 261
Radioactivity. Apparatus for direct measurement *309
Radioactivity and atomic numbers 336
Radioactivity in water, measurements of 259
Radium emanations, refractive index of 163
Radium emanation, activity of freshly formed 187
Radium in surgery, value of.... 278
Radium therapy 310
Rail sections in steam and electric traction ....I, *362; II, *370
Rails heavier, for railways 269
Railroad communication in Far East *305
Rails, handling cheaply 340
Railway, linking India and Ceylon by *136
Railway rails, brief history of.. 85
Railways, European, in war time 203
Railway signals 295
Recently discovered Nubian antiquities *264
Reduction gear, Westinghouse turbine *100
Refractive index of a liquid.... *80
Relativity, the problem of 191
Respiration, conditions inducing excessive 27
Resistance to a ship's motion...*342
Rest, day of, and human efficiency 11
Return tubular boiler furnace, development of *394
Rheostat, water 223
Riddle of Mars *106
Rivers overflow, why? *385
Roads (good) and the Government 390
Rockefeller Institute for Medical Research 43
Roentgen rays, new application of *180
Rolling mills, electrical driving for .....I, *212; II, *236
Rope railway, a long 55
Routes possible in transatlantic flight *62
Rule, early slide 55
Rubber, method of determination 308
Rubber roads a future possibility 272
Rumpler military monoplane ..*229

S

Safe operation of pleasure cars. *43
Safety at sea *1
Safety for aeroplanes in France, result of first contest *108
Salts, mercuric and bactericidial power 176
Science reading, a course of ... 307
Screw propellers, and canal bottoms *311
Sea, provisions for safety at ... *1
Searchlights in French army ...*209
Seeds, influence of chemicals on germination of 247
Selling, a new way of 162
Serum, plant relationship by means of 122
Ship, protection against fire on board 175
Ship's engines, bridge control of *60
Ship's motion, resistance to....*342
Ships and aeroplanes, stabilizing *28
Shocks of vehicles and building vibrations *364
Shovel, seventy-six-ton steam.. *36
Shunting engines at ore docks. 77
Sieges, aerial reconnaissance during 135
Similitude, the principle of..... 307
Skeleton, fossil, human, from German East Africa 187
Slag, waste heat utilization of.. 237
Slow-speed motors, novel *332
Soil erosion in South Africa ... 331
Solar eclipse, total of August 21st *124
Soundings, deep sea 363
Spectrum extended in extreme ultra-violet 352
Spectrum lines, effect of electric and magnetic fields on 171
Spectrum, making a comparison 288
Spotted fever, method of fighting 208
Spring-beetle, mechanism of ... *85
Squares, magic *223
St. Thomas coaling dock *104
Stability of aeroplanes 206
Stackhouse Antarctic expedition 51
Stains and their cures *137
Standardization (physiological) of drugs *232
Statistics (wreck) for 1913 ... 303
Steam boilers, use of graphite in 112
Steam and electric traction, rail sections in .....I, *362; II, *370
Steam shovel, seventy-six-ton.. *36
Steel joints, new way to make 332
Steel, manufacture of crucible.. *33
Steel producing direct from the ore 387
Steering vessels by electricity.. 192
Stellar radiations, measurements of *98
Stereochemic system; the germplasm .....I, 226; II, 242
Storage batteries, regulating device *315
Storm detector of central stations *76
Stress distribution in materials 238
Street sprinkling trolley cars, Hanover *317
Submarine attack, protection of battleships against *114
Submarine boats, German *148
Submarine and dreadnought ...*113
Submarine, future of the..... 13
Submarine, limitations of the.. 153
Submarines, propulsion of 314
Sun's variability, proofs of 202
Superconductors of electric currents without electromotive force 131
Superheaters on locomotives .. 287
Surgery, value of radium in ... 278
Swiss National Exhibition, Berne *65

T

Tapping blast furnaces, method of 275
Taste, the sense of 275
Telegraph and cable system of Alaska 67
Telegraphing pictures 163
Telegraphy systems, wireless ... *73
Testing polarity of field coils..*299
Testing for open circuit *283
Textile fibers, measurement of.*333
Therapeutic uses of radioactive waters 261
Therapy, radium 310
Thermo electric measurements of stellar radiation *98
Thread-recording micro-barometer *173
Thought processes and muscular activity 322
Thunderstorms, precautions to be taken *97
Thyroid and thymus in relation to development 137
Thyroid and thymus in development 137
Time, international legal and Brazil 192
Tires in motor car operations.. 54
Torpedo, automobile *217
Track repair methods, quick ... 283
Traction, rail sections in steam and electric ....I, *362; II, *370
Tractor biplanes for U. S. Army 182
Transatlantic flight for aircraft *62
Trap, home-made fly *240
Treatment of the wounded ... 263
Tree scale, poisoning 323
Trolley cars, street sprinkling, Hanover *317
Trolley, quick track repair 283
Tsing-Tau, Germany's Eastern colony 253
Tube, Coolidge X-ray *168
Tubes, corrosion of condenser.. 320
Tunnel, channel, its early history .....I, *18; II, *34
Turbine reduction gear, Westinghouse *100
Turbines, use of marine 386
Turret fortifications, modern ..*152
Turbidity of upper atmosphere in 1912 222
Type of motor, how to determine*374
Type-reading optophone *371
Typhoid fever protective treatment 314

U

Ultra-violet light, and oscillating spark 147
Ultra-violet rays and mouth disinfection 331
Ultra-violet, spectrum extended in 352

V

"Vaterland" and "Aquitania" .. 22
"Vaterland's" (steamship) engines *49
Vessels, steering by electricity.. 192
Vesuvius as a fertilizer 96
Vital processes and physics ... 303
Volcanic activity. Lassen Peak *91
Volts, international 216

W

War, aeroplanes in 71
War, aircraft in 272
War, the other side of 150
Washington's Government buildings, workers' comfort in ...*373
Waste in the brass industry ... 151
Water, moving pictures under.. *81
Water pressure effect upon form of fishes *376
Water, radioactivity measurements in 259
Water rheostat *223
Waves, the origin of *270
Wax bleaching plant 105
Weather and birds 215
Welfare of European workmen.*353
Welland Canal (new) and traffic*387
Westinghouse system of bridge control *220
Westinghouse turbine reduction gear, development of *100
Wireless communication and aeronautics *189
White-ware, leadless glazes on.. 308
Wireless equipment on aircraft.*222
Wireless, fog signals by 320
Wireless naval operator, in war times 288
Wireless telegraph station, Spitzbergen 222
Wireless telegraphy *73
Wireless telegraphy, exploding mines by *150
Wood alcohol 103
Wood borers marine.....*356
Wood, drying and preservation of *286
Wood, preservation of...I, *52; II, *78; III, *93
Woods, musical 355
Workers, costs of incompetent. 343
Workmen, welfare of in European enterprises *353
World's fair of books *56
Wounded, care of in present war*321
Wounded in war, first aid to...*244
Wounded, treatment of the 263
Wreck statistics for 1913 303
Wright aeroboat, a new *55

X

X-ray tube, the Coolidge *168

Y

Yacht, a built-up model *7

Z

Zodiacal light *45
Zone, the widening pellagra ... 359
